

Mary Kingslan-Gibilisco Seminar  
April 24, 25, 26 2009  
9:00-4:00 Daily @ First Bank of Canyon Creek  
Sponsored by The Yellow Rose Chapter, Dallas

Each project will be taught in Genesis, palette provided, although you may paint in any medium you wish. Mary will prepare the surfaces and deliver them the day of the seminar.

After a student has taken a class with Mary Kingslan Gibilisco for the first time, the reaction usually is "she made what appeared to be difficult, easy". With Mary's step-by-step technique, demonstrations and watchful eye, students are taken to their next level of achievement. Mary teaches in such a way that the student feels that they can accomplish anything!

Mary has a degree in Fine Art, certified in Decorative Art and has a certificate in Adult Education. For 22 years, she has owned her own business so understands that when a student pays top dollar for a course they deserve top notch instruction.

Come experience the techniques and quality instruction that is only found in the decades long Kingslan tradition.

All levels welcome as you will be elevated to YOUR next level!
